This is the fifth free semi-annual webinar delivered by a range of the key national local government finance experts.

The AASB has now approved changes to AASB13. David Edgerton will outline those changes with an analysis of how these changes will impact the valuations in the various jurisdictions.

## LG Solutions

LG Solutions will talk about Financial sustainability review observations, Cloud LTFP & Month End Year End reporting.

## DIVERSITY IN TRAINING

Jill Brazil will bring some diversity to the session and continue the diversity and inclusion conversation. Today's session : "Unconscious Bias ?- Not me! "

If you just thought –"this is going to be boring" then this session is for definitely for you!

IPWEA's Principal Advisor for Asset Management, Steve Verity, will share his reflections on the ALGA National State of the Assets report, the connections to the IPWEA White Paper and why it is important for finance professionals.

Pat McCarthy will provide an update on GST and FBT issues . Also joining Pat will be Gerard McLennan from LBM Fleet to discuss car parking valuations because of nearby shopping centres, an effective GPS based 12 week log book and update on what's happening in the world of EVs
